# What is GlobalJobHouse

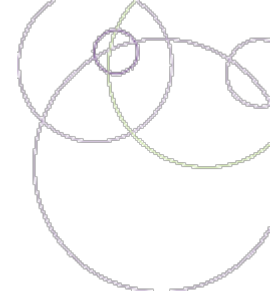

GJH is the first in the world compact and easily accessible web portal, which is the environment of global exchange of intellectual service for a financial benefit and vice versa.

It is a perfect place for people looking for a job via the Internet as well as for companies looking for fast, professional and first of all cheaper solutions.

# GJH users

In GlobalJobHouse we have two groups of users: **Service Buyers** and **Service Providers**

- **Service Providers** are professionals from all over the world who specialize in categories serviced by GJH.
- **Service Buyers** are companies or institutions searching for fast and unique solutions in planning processes.

# What is Color Navigation System

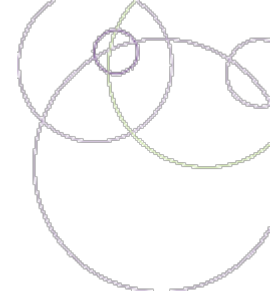

**GlobalJobHouse COLOR NAVIGATION SYSTEM** is a unique system of color navigation which helps to use GJH intuitively.

The system defines Service Buyers and Service Providers by means of two colors immediately on the first page.

Thanks to CNS our users can enjoy high portal's functionality without necessity of manual's deep study.
